

# OUR NATION'S HISTORY IS SHAPED BY DIVERGENT VIEWPOINTS.

*Can you be sure you have an idea of the richness of that diversity?*

*Announcing*

## The American Republic Primary Sources

*Edited by Bruce Frohnen*

THE NEW TREASURE OF PRIMARY-SOURCE DOCUMENTS RELATING TO THE FOUNDING AND DEVELOPMENT OF OUR REPUBLIC THAT HELPS ALL INTERESTED READERS LEARN HOW THEY MIGHT JUDGE THE STRENGTHS AND WEAKNESSES OF THE CONFLICTING VISIONS THAT HAVE SHAPED AMERICA'S SYSTEM OF ORDERED LIBERTY.

## THE *American* REPUBLIC

Primary Sources ❖❖❖❖❖❖❖❖

EDITED BY BRUCE FROHNEN

# A NEW, SINGLE-VOLUME SOURCE

OF CRITICAL DOCUMENTS REVEALS THE CHARACTER OF AMERICAN DISCOURSE ON THE TOPICS THAT MATTER MOST, FROM THE FOUNDING OF OUR NATION TO THE ONSET OF THE CIVIL WAR.

Many reference works offer compilations of critical documents covering individual liberty, local autonomy, constitutional order, and other issues that helped to shape the American political tradition. Yet because these works are focused on single topics or periods of history, many readers shy away

from them and thus miss out on the debate and life of ideas that have charted our nation's course from its founding to this very day.

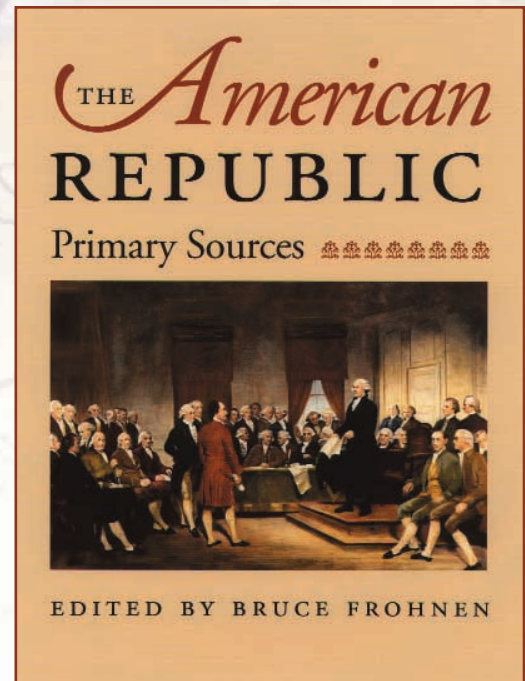

*The American Republic* overcomes that knowledge gap by providing, in a single volume, critical, original documents revealing the character of American discourse on the nature and importance of local government, the purposes of federal union, and the role of religion and tradition in forming America's drive for liberty.

*The American Republic* is divided into nine sections—each intended to illustrate the major philosophical, cultural, and policy positions at issue during crucial eras of American political and cultural development:

1. Colonial Settlements and Societies
2. Religious Society and Religious Liberty in Early America
3. Defending the Charters
4. The War for Independence
5. A New Constitution
6. The Bill of Rights
7. State versus Federal Authority
8. Forging a Nation
9. Prelude to War

Readers will find documentary evidence of the purposes behind European settlement, American response to English acts, the pervasive role of religion in early American public life, and perspectives in the debate over independence.

Subsequent chapters examine the roots of American constitutionalism, Federalist and Anti-Federalist arguments concerning the need to protect common-law rights, and the debates over whether the states

*“By placing within the covers of one manageable volume critical, original readings showing the character of American arguments over the nature and importance of local government, the purposes of federal union, the requirements of religious conscience, and the prescriptive role of tradition, [this volume] can spur more informed consideration of the changing character of the United States.”*

—Bruce Frohnen, from the Introduction

# The American Republic

## Primary Sources

Bringing readers an enriched understanding of the development of American politics and the Republic's tradition of well-ordered liberty.

or the federal government held final authority in determining the course of public policy in America. Also included are the discussions regarding disagreements over internal improvements and other federal measures aimed at uniting the nation, particularly in the area of commerce.

The final section focuses on the political, cultural, and legal issues leading to the Civil War. Arguments and attempted compromises regarding slavery, along with laws that helped shape slavery, are highlighted. The volume ends with the prelude to the Civil War, a natural stopping-off point for studies of early American history.

From well-known documents like the Mayflower Compact . . .

To rarely read famous texts like Thomas Paine's *Common Sense* . . .

From little-known gems like George Washington's "Thanksgiving Proclamation" and Letters to Religious Associations . . .

To fiery conflicts like the fifth Lincoln-Douglas debate . . .
